BRIEF ABSTRACT OF LETTER.

Forwards an application from Mr. V. Sundaramurti for the grant of a mining lease over a block of about 55 acres of land selected out of the area comprised in prospecting license ^{no 451} held by him in the Mysore Taluk and recommends that in view of the good work done by the licensee the mining lease applied for may be granted subject to the condition that Govt. should have the first refusal of the ore obtained from the block

NOTES AND ORDERS.

Attention is
drawn to the
fact that the
application is
submitted by the
licensee

The licensee has applied for the lease over an area of 40 acres of land. It is stated in the Director's letter that the area applied for is about 55/- acres of land, but it might be 40 acres

2) A draft is herewith submitted for approval or other orders.

To

C. S. Balasundaram Iyer, Esquire, B.A.,

Chief Secretary to the Government of

His Highness the Maharaja of Mysore.

SIR

I have the honour to invite attention to your letter No.G.4128-Gocl.45-16-2, dated 19th September 1916, conveying the sanction of Government to the grant of a prospecting license for Chrome and magnesite over a block of one sq. mile of land in the Mysore Taluk to Mr. V. Sundaramurthy, 14 Spencer Road, Bangalore, and to state that a license No.451 was accordingly granted to him on the 16th December 1916.

2. The period of one year for which the license was granted expired on the 16th December 1917 and an application dated 8th December 1917 has been received in this office from the licensee for a mining lease over a block of about 55 acres of land selected by him out of the original area of one sq. mile, under clause 15 of the license. A copy each of his letter dated 8th December 1917 and his application of the same date together with a sketch of the mining block is forwarded herewith for the information of Government.

3. I have since inspected the block and find that some

good

4

good work has been done by the licensee during the past year. The reports received from ^{him} show that a quantity of 340 tons of chrome ore were collected and 226* tons removed during the past year. The royalty realized on the latter quantity is Rs.169-11-0. The representations made by the licensee in his letter of the 8th December 1917 deserve favourable consideration and I beg to recommend therefore, that the mining lease applied for may kindly be sanctioned with the proper reservation in regard to the grant to the Government of the first refusal of the ore obtained from the block.

I have the honour to be,

Sir

Your most obedient servant,

B. Jagan Mohan
Offg. Director,

Department of Geology.

KSS.

5

Letter dated 8th. December 1917 from Mr. V. Sundaramurthy to
the Offg. Director Department of Geology:-

"I have the honour to enclose herein for the kind sanction of the Government an application for mining lease for chrome and magnesite over 40 acres of land comprised in my prospecting license No.451 in the village of Hebbal and Metgalli in the Mysore Taluk. During the period of nearly one year for which the license has been held by me, a considerable amount of work has been done at a cost of nearly Rs.10,000/- and about 13 excavations have been made, some of which are in depth sixty to seventy feet, and several cross cuts and tunnels have been opened which are about one hundred feet in length.

2. I have mined about 340 tons and sold about 227 tons. The work done has disclosed the existence of several valuable reefs containing ore which has on analysis been found to contain 48 to 49% of chromite against the 37 to 38% which the previous licensees obtained and discouraged them from continuing their licenses. The shafts are filled with water in several places and the use of the powerful pumping plant is absolutely necessary. Under the above circumstances, I beg that you will be kind enough to recommend the grant of the mining lease applied for, which I am entitled to under clause 15 of my prospecting license.

3. I herein enclose a cheque for Rs.100/- on the Mysore Bank being the fee required for the mining lease.

FORM No. 4.

APPLICATION FOR A MINING LEASE.

Dated the 8th day of December 1917

To
THE DIRECTOR, DEPARTMENT OF MINES AND
GEOLOGY, BANGALORE.

SIR,
I have the honor to apply for the grant of a mining lease to my P.L. 4457 in Mysore Taluk under the rules contained in Notification No. G. 3119—Geol. 40-16-2, dated 5th September 1916, over the block of land containing 4 — acres marked on the enclosed extract from the Topographical Survey Map of Mysore. 2078

The block applied for comprises lands belonging to the villages, the names of which with the taluk and district to which each belongs, are set out in Schedule A hereto.

I enclose (receipt from the Mysore Treasury) (crossed cheque on the Bangalore Branch of the Bank of Mysore, payable to the order of the Director, Department of Mines and Geology) for Rs. 100, the fee required in respect of this application.

The minerals in respect of which the lease is applied for are stated in Schedule B hereto.

I have the honor to be,
Sir,

Your obedient servant,
